# Feeding Yearling Horses

By Dr. Frederick Harper

Extension Horse Specialist-University of Tennessee

We are disturbed that our nation's youth are overweight and lack good physical conditioning.

But, are you equally concerned about your yearling horses, especially when you are fitting them for sale, show or early performance as two-year-olds.

A common practice among some owners is to feed large amounts of grain. 14 or more pounds daily plus hay to their yearlings.

"Taller and Fatter" are the catch words for most show and sale yearlings. But, is this large amount of grain necessary to obtain desirable body growth?

Recently, fat yearlings have come under scrutiny since data has shown that fat body condition in high quality race yearlings apparently reduce their future performance ability.

So, can we feed less grain and get acceptable growth in our yearlings?

Rutgers University research show that we can. They fed a group of yearlings either a high-grain or a low grain ration. Grain provided 50 percent of the energy (calories) in the high-grain ration but only 20 percent in the low-grain ration. Hay contributed the remainder of the energy in both rations.

The high-grain ration was about 60 percent grain and 40 percent hay, while the low-grain ration contained about 30 percent grain with 70 percent hay.

No great difference in average daily gain or wither height was observed between the yearlings fed either the high or low-grain rations. Also yearlings fed the high-grain ration digested less fiber than those fed the low-grain rations.

A low-grain (high forage) ration is safer and cheaper than a high-grain ration. Also, there is less possibilities for colic and founder when high levels of forage are fed.

In Texas A & M University research, yearlings grazing pasture only grew as tall in wither height as grazing yearlings fed 50 percent of their energy needs as grain.

Since average daily gain and wither height are good indicators of growth, it is obvious that high-grain rations are not necessary for natural growth.

Getting yearlings, even halter yearlings, to fat is not wise, especially if they will be used for performance as two-year-olds.

Feeding 0.5 pound of grain per 100 pounds of body weight and high quality forage should result in as large a yearling, as one fed more grain. This growth will be at less cost and with a lower risk of digestive problems and founder.

Feeding less grain may be suitable in some management systems. Feeding more grain probably will not result in larger yearlings, but only one that is fatter.

# Legal Disputes In Horse Sales

by John Alan Cohan, Attorney at Law

Disputes are commonplace in horse sales, particularly if the buyer discovers that the horse is unsound or not fit for its intended purposes. This is a problem that often can be traced to the buyer's failure to ask questions, or efforts on the seller's part to conceal infirmities, or an inadequate presale veterinary check.

This is why a written sales contract is important. A sales contract not only sets forth the terms of the sale, but provides express warranties if the parties have bargained for that. An express warranty might state that the horse is in a sound state of health, that it has the ability to breed, or that it is fit for athletic abilities such as racing, jumping, driving or to perform tasks such as cutting. Sellers are often reluctant to provide such warranties.

Now a new law in California requires a written bill of sale for horses (or fractional interests or stallion seasons), in an effort to reduce fraud and other improper practices. The law applies to all breeds of horses.

The law provides that the sales contract must set forth the purchase price, and is to be signed by both the buyer and seller or their authorized agents. For sales by auction, the requirement will be satisfied by the issuance of an auction receipt generated by the auction house and signed by the purchaser or an agent whom the purchase has authorized.

The law also requires that bloodstock agents obtain the written consent by both purchaser and seller for any fee arrangement, and prohibits any person to act as a dual agent (for both buyer and seller) without the written consent of both parties. The relation of an agent to a principal is of a fiduciary nature, which requires the agent to act in good faith toward the principal, and precludes him from obtaining any advantage over the principal in any transaction had by virtue of his agency. This provision is intended to increase transparency in agency relationships, and ensure full disclosure between agents and their principals.

The law makes it unlawful for a person acting as an agent for either buyer or seller to receive more than \$500 in commission, other than from the agent's principal, unless both the purchaser and seller consent in writing.

The bill provides for treble damages and attorney's fees for any person injured by a violation of its provisions, and allows the California Horse Racing Board to revoke or suspend the license of any person who violates its provisions.

The California law does not require the seller to provide any warranties or guarantees. However, particularly with the purchase of expensive horses, broodmares or race horses, it is important to have specific terms in the sales contract stating that the seller guarantees the soundness of the animal or the fitness of the horse for its intended purposes.

A veterinarian check of the horse should always be a prerequisite before finalizing the sale of a horse. In many instances disputes have occurred because of undisclosed ailments or defects that a thorough vet check could have detected.

For sales that involve installment payments, it is crucial for the seller to have a security agreement accompanying the sale contract. This is to enable the seller to place a lien on the horse or other assets in case of default in payments.

Attorney Lisa L. Lerch of Yorba Linda, California, says of this new law: "I have seen the ramifications of transactions where buyers and sellers never had full disclosure of the parties involved or the fees paid to the agent and they often ended in litigation. This revision of the code should dramatically reduce fraud in sales transactions, as well as agent conflicts of interest."

# "Create a Dream that will last a Lifetime"

## It's sale time again!

The idea of a Thoroughbred Sale in Arizona had been talked about for several years, but it was not until 1962 when Walter Cluer offered the support of Turf Paradise, and the first sale was held. Without Mr. Cluer and the support of Turf Paradise this inaugural sale would never have gotten off the ground, thus providing an avenue for the breeders to market their horses.

The sale has had many face lifts through out the years. Consignors have lived with portable pens, canvas roofs and few conveniences. Buyers too, had few amenities. Some years Mother Nature forced buyers to endure the sun, rain and cold in order to bid on their favorite Thoroughbred. Many years later the great outdoors gave way to tents, then to more permanent structures.

The biggest change came in 1986 through the encouragement of ATBA Director Donald W. Baldwin, when the sale was moved to the Scottsdale Activity Center. When this facility was no longer available the sale was relocated to Westworld in 1989. With all the changes and improvements, from its beginning to the present, it has become known from coast to coast as "The Best Little Sale in the West".

The Thoroughbred business from buying yearlings, breaking and training, to watching them cross the finish line, is truly exciting. Owners

of winning Thoroughbred horses nearly all agree that there is nothing that compares to the excitement of watching their horses cross the finish line first. While highly speculative, it can be profitable if you purchase your yearling at the Arizona Sale on October 20, 2011. On this day the ATBA will offer its promise of tomorrow. We take pride in the fact that owners and trainers have had great success taking advantage of the ATBA sale and have purchased a number of top racehorses within realistic price ranges. In years past this sale has produced many stakes winners. These yearlings were purchased with a no bid to a high range bid.

With hard work and through preparation you can purchase the kind of Thoroughbred you have been dreaming about. You or your agent will be able to talk to the breeders and owners of the yearlings who have raised them and learn how the horse has been reared. It is the kind of information that gives you a head start. It is the type of sale that allows you to select yearlings of value that will develop into superior racehorses that fit into your budget.

If you should find your dream among the Arizona-breds being offered, you are sure to be dollars ahead at the end of the season, as you reap the rewards from owning a certified Arizona-bred. Arizona-breds not only win their share in open company but every day Turf Paradise offers a race for Arizona-

bred. In addition to the purses for the ATBA Sale Stakes, another \$50,000 bonus money is added per sale stake division for certified Arizona-breds. Buy a certified Arizona-bred yearling out of this sale, and run at BIG MONEY.

One outstanding Arizona-bred, graduate from the 2010 ATBA sale has been leaving hoof prints where ever she goes. Page Springs has won 3 of 3 starts, the ATBA Sales trial heat, the ATBA Spring Sales Stakes Futurity & her latest adventure was in "The Prairie Meadows Gold Lassie Stakes", giving her 2 stakes wins in a row. This makes her earning \$79,288.00.

When you buy a horse out of state, you'll probably pay more for the yearling and get less on your return, not to mention the cost of lodging, transportation, vaning, and/or sales tax or out of state board fees.

This years sale features yearlings sired by nationally proven stallions, including Arizona's most successful sires; along with new sires embarking on very promising careers. The majority of the Arizona sale year-lings are certified Arizona-bred, gifting the purchaser with the added bonus of the lucrative Arizona owners awards.

Hope to see you there!!

Conformation and athletic ability is a major factor in determining what a yearling can do. Conformation is a highly heritable trait. In other words, much of it is directly inherited from the conformation of both sire and dam. Total athletic ability is made up of conformation, age, overall condition training, breeding and most of all a BIG HEART.

Don't Blink!!! You might miss this fast filly. After winning the ATBA Spring Sales Stakes in May, Page Springs had a few week off before shipping to Prairie Meadows. With a few work outs to sharpen her up. They entered in the \$75,000 Prairie Gold Lassie Stakes, with all the hopes and dreams of another win in the stakes column.

Always in command, Page Springs grabbed the lead, held well into the stretch and maintained her advantage under firm handling with Glen Corbett aboard. This is her 2nd Stakes race in a row for owners Sawyer Cattle Company and trainer Dan McFarlane.

The home town crowd will have something to watch for on Oct. 1, 2011 in the Fall ATBA Sales Stakes Trials.

## ARIZONA THOROUGHBRED BREEDERS ASSOCIATION

The A.T.B.A. was organized in 1967 as a non-profit organization "dedicated to the betterment of the Thoroughbred industry in the State of Arizona". Since 1967 the Arizona Thoroughbred Breeders Association has had an influence on almost all aspect of racing laws and regulations which has benefitted all horsemen running in the State of Arizona.

The goal of the Arizona Thoroughbred Breeders Association is to serve its membership and to grow into a strong viable organization with the ability to purchase land and build our own sales pavilion.

Fifteen directors serving for three years each on a rotating basis, govern the policy of the Association. The directors also assume duties during the year such as attending Arizona Racing Commission meetings and attend legislative matters pertaining to our industry.

The main source of income for the A.T.B.A. is our annual fall Thoroughbred mixed sale. Consignments come from all over the western part of the United States. All yearlings that are consigned and pass through the sale ring become eligible for the A.T.B.A. Spring & Fall Sales Stakes which are run the following May and October as 2 years old with an estimated purse of \$75,000. (May - \$25,000 bonus paid to an Arizona-bred winner, October - \$100,000 bonus paid to an Arizona-bred winner)

2011	at 2	4	1 (1)	1	1	\$30,972

Barricade arrived in Arizona in 1999 and entered his first year at stud. Barricade is a son of Riverman, who was leading sire in France twice. Barricade's racing career started in France, winning and placing in stakes. At four he won an allowance race at Santa Anita.

Mr. Barman has started four times, each time moving forward. At Turf Paradise he was fourth, then third and second at Arapahoe Park. In his fourth try he ran down the leader to get up for the win after giving chase from just off the hip of the pacesetter.

Mr. Barman is a full brother to Barricaded, winner of four stakes a Turf Paradise and one at Albuquerque earning \$136,564. Mr. Barman is on track to outshine his older sibling.

# Uh Oh Bango

## Berkeley Stakes

Golden Gate Fields

May 30, 2011

These past few years, Triple AAA Ranch has left Arizona hoof prints behind at Prairie Meadows, Remington Park, Zia Park and Keeneland with their Arizona Thoroughbreds.

This big dark bay or brown colt by Top Hit out of French Debutante, has heart and desire.

In the Berkeley Stakes, **Uh Oh Bango**, was well placed to the second turn, moved along side **Our Nautique** two wide to the stretch, inched away from that one but was engaged by the runner up a furlong out, battled bravely and would not give up the advantage. Adding another \$60,000 to his career winnings.

Congratulations to all his connections!!

# Track Talk

**Yavapai Downs** after nearly a century of racing closed its doors.

On July 13th Yavapai Downs owners filed Charter 7 bankruptcy, basically leaving the track's future in the hands of a bankruptcy trustee who will liquidate the track assets.

"It's the fastest path to get the track back open and give creditors their best chance of getting repaid", said Jeff Wasowicz. Plus, the trustee can help negotiations between the feds and interested investors.

The board still hopes someone can resume racing at Yavapai Downs next year after the board canceled this year's meet.

**Owner/Trainer Edward Sepich** passed away June 20th. He lived in Arizona for 50 years. He worked as a switchman for Sante Fe Railroad but his passion was training thoroughbred horses at Turf Paradise. He was a one of a kind and will be missed by all. He is survived by his wife Ollie Fay, on March 27th, they celebrated their 60th wedding anniversary. He leaves four children, Marilyn Garcia, Linda Simmons, Edward Sepich, Jr. (owner/trainer at Turf Paradise) and James Sepich.

This years **ATBA Fall Mixed Sale** closed August 19th and late entries closed September 23rd.

Something for everyone at the **ATBA Fall Mixed Sale**. There

are seventy-eight yearlings to choose from. Two racing age Thoroughbreds are consigned and ready for racing. There are also five broodmares and one weanling. Watch for the sale catalog in your mail box mid-September, it also will be posted on our website at [www.atba.net](http://www.atba.net) approximately September 15th.

Horses will arrive at **Westworld** Monday, October 17, and ready for inspection Tuesday and Wednesday. The sale will begin at 11am on Thursday, October 20th. We look forward to seeing everyone there.

Horses will be stabled in the lower barns. Barns O, P, and Q.

**Owner Ted Ford** passed away peacefully July 20th surrounded by family. He retired in Arizona in 1996 where he continued to pursue his lifelong passion of Thoroughbred horse racing. Our sympathy to the family.

**Turf Paradise** is helping horsemen out by opening the backside a little earlier this year, due to the closing of Yavapai Downs.

**August 1st** - Barn area opened for cleaning.

**August 5th** - Horses allowed on grounds with a \$3.00 per day stall charge.

**August 8th** - Training track hours are 5:30am to 8:30am & swimming

pool hours are 5:30am to 10:30am. They both will be open 6 days a week. Monday - Saturday. The main track has been renovated and will be open for training and work outs on September 6th.

First day of racing at **Turf Paradise**, October 1, Trials for the **ATBA Sales Stake** will be held on opening day. Remember the last sustaining payment is due September 15, 2011.

Purses at Turf Paradise have been increased 10% and Stakes have increased from \$25,000 to \$35,000.

Statistics compiled by Bloodstock Research Information Services, Inc., and cover North American racing only. While every effort is made to prevent errors and omissions, Arizona Thoroughbred can not guarantee their complete and total accuracy. Included are sires based in the state of Arizona. Deceased, retired or relocated sires will remain in the rankings until after their last Arizona sired runners have raced as two-year olds.

Statistics include racing through August 15, 2011
