IRS Manual Reveals Attitude Toward Industry

By John Alan Cohan, Attorney at Law

The IRS Manual has a section in the Audit Technique Guide entitled “IRC Section 183: Farm Hobby Losses With Cattle Operations and Horse Activities.” The guide is intended to alert auditors to situations pertaining to the horse and cattle industries. The guide says that “Current trends indicate that these two activities, due to their nature, contain certain opportunities for taxpayer abuse.” Auditors are advised: Many of the taxpayers who potentially fall under the provisions of IRC section 183 with respect to horse and cattle activities have been involved in such activities during their youth. These taxpayers have grown up on farms or had close relatives who operated farms. Other taxpayers had unfulfilled childhood aspirations to be involved with such activities, but circumstances prevented participation. As adults, these taxpayers have achieved the financial wherewithal which permits participation.”

Other selected provisions in the guide are quoted below:

“The taxpayers who have had prior experience in these activities find peace and solace in returning to this lifestyle. These taxpayers have affection for the horses as well as the cattle. The taxpayers find pleasure and satisfaction from watching their herd and baby animals grazing in the pastures. Examiners will frequently find retirement homes nestled on the land set aside for the activity.”

“Some taxpayers have found that agricultural status will reduce the property taxes on their land. Small numbers of cattle have been maintained on large parcels of land in order to qualify for this agricultural status. In such

situations, the cattle activity was not engaged in for profit, but rather for the purpose of reducing property taxes.”

“The examiner should be alert that one taxpayers may not maintain the contemporaneous records necessary to satisfy the requirements of the breed association. Some of the data may be “plugged”. Contemporaneous records would include some type of field book that is carried out to the pasture. The data would be transferred from the field book to a permanent record.”

“The taxpayer’s use of incomplete records could indicate a lack of profit motive.”

“The taxpayer should have a formal written plan. The plan should demonstrate the taxpayer’s financial and economic forecast for the activity. The plan should not be a “fantasy Schedule For C.” In other words, some taxpayers may wish to submit a business plan that is nothing more than a Schedule F or C, which unrealistically overstates the expenses for the activity. This is not an acceptable business plan.”

“The examiner should not request the business plan in the first information Document Request (IDR). Otherwise, the examiner will possible receive a ‘canned’ document. The examiner should inquire as to the business plan during the Initial Interview and follow-up with a subsequent IDR.”

“Some taxpayers will attempt to downplay any pleasurable aspects of the activity. Some will attempt to portray the activity as laborious with emphasis placed on the drudgery.

Continued on Next Page

These taxpayers know where the examination is leading. They will emphasize the labor to clean or muck the stalls. The examiner needs to understand that if these taxpayers care about their animals that any such task is a labor of love or concern for the well being of the animal.”

“The examiner should establish if the taxpayer has used any advisors or expert in the operation of the activity. Obtain names, position titles, and addresses of these advisors. Document how the advisors were chosen by the taxpayer. Establish the credentials of the advisors. Document if a personal relationship exists between the taxpayer and the advisors.”

“Many taxpayers will express a passion for their activity. A skilled examiner will be able to draw this passion from the taxpayer through conversation.”

“The tax return may have minimal or zero gross receipts. The activity’s history of gross receipts should be addresses. The examiner needs to determine why there have been minimal or no gross receipts. The examiner needs to determine specifically when the taxpayer expects for gross receipts to increase and specifically how the taxpayer expects to accomplish this.”

“Determine that the income source truly related to the activity contained in the Schedule. Examiners should also determine that the income source truly exists as some taxpayers have manufactured income in order to make it appear as though the activity earned some income. Manufactured income raises a potential fraud issue.”

“Horse activities provide a competitive outlet for some taxpayers. For example, some taxpayers have been quoted as saying that cutting horses competitions provide stress relief from the chaos in the corporate world.”

“The thrill of competition draws participants into various shows and competitive events. A sense of accomplishment attracts participants to compete in events where there may not be any monetary compensation for their efforts. Great pride accompanies the receipt of large trophies and fancy rosette ribbons and award banners.”

“The taxpayer knows about the nine relevant factors. A taxpayer with a savvy representative has been advised to downplay the pleasurable aspects and emphasize the drudgery and dirty work of the activity.”

“A significant amount of showing and showing-related expenses could be indicative of an activity not engaged in for profit if the prizes are minimal in financial remuneration. The examiner needs to determine the specific purpose for which the taxpayer participates in show competitions. The examiner needs to determine if the show winnings justify the showing expenses.”

Commercial or Non-Commercial

WHICH ONE ARE YOU?

ATTENTION ALL HORSE TRAINERS AND INDIVIDUAL MAKING A LIVING IN THE HORSE BUSINESS...

Due to an increase in horse trailer accidents in the past five years, the Department of Transportation (DOT) has decided to start enforcing rules regarding trucks and trailers of a certain weight. Many horse trainers, and other people who make a living in this industry, have been skirting the law for years regarding their requirements of needing a Commercial Driver's License (CDL).

According to the Department of Transportation, any truck over 10,000 pounds (a dually) must have a DOT number and comply with DOT restrictions. If you have a truck and trailer with a GVW (gross Vehicle weight) combined 26,000 lbs. (a four horse trailer or more) you must have a CDL (commercial drivers license). If you are under 26,000 GVW, you still must comply with the DOT such as inspections, log books, driver physicals and insurance.

Gross Vehicle Weight (GVW) means the GREATER of:

- ♦ The Actual weight (weight of the truck plus the load it's carrying), or
- ♦ Gross Vehicle Weight Rating GVWR, which is set by the trailer manufacturer.

Although a spokesperson at the Federal Motorcarrier Safety Administration in Washington DC said that as far as a National rule goes, as long as you are not in commerce, you do not need a CDL license.

However most officers (police) are not very well educated on the law. Some law enforcement officers just go by the rule that anyone hauling a trailer with a GVW of 26,000 pounds or greater must have a CDL.

When asked how non-professionals can explain to an officer if they are stopped that they are not required

to have a CDL, the spokesperson said it's difficult, however, if they were to get ticketed, they would probably be able to fight it and win, since they were not operating it as a business. That, of course, is no consolation if the officer does not let you continue on your way.

Although these rules have been in effect for years, DOT is trying to catch the smaller vehicles and trucks and trailers with dump trucks and the semi-trucks. It is solely based on the weight of the vehicle whether you need a CDL. If you make your living by hauling horses or in the horse industry and are over the maximum weight, you need a CDL.

If you are driving a truck and trailer, and you are receiving money for it, as in trainers collecting money for hauling their client's horses, you are considered commercial. There is no such thing as "not for hire." DOT said that one of the biggest red flags is when they see that on a truck and trailer, and they usually pull those people over first.

What does it mean to have a DOT number? You must have all your vehicles inspected each year as well as trailers. Each driver must have a physical every two years and a file kept of their information. You have to have a CDL if you are over 26,000 lbs GVW. You must make inspections of your vehicle before and after a trip to keep them on file. You must go through weigh stations. You can also be randomly tested for drugs and alcohol.

If a driver of a truck and trailer gets pulled over and they do not have a GVW, they will not be allowed to go any further until a CDL driver can drive their rig. They could also face up to a \$5,000 fine. In the past year alone, they are pulling over people actively.

There is a big push by the DOT to bring safety back to the roads.

continued on page 9

"Commerce" can be more loosely defined as actually "involved in a commercial venture" or the "intent" to make a profit. This does not mean actually making a profit! Running a commercial stable, hauling horses for show (intent to profit), race, sale, training, or for compensation are some examples of commercial enterprises. Prize money and showing to increase the value of the horse can be interpreted as profit.

1. If you are driving a vehicle or combinations of vehicles under 10,001 lbs. GVW (Gross Vehicle Weight - weight of the truck plus the load it is carrying) or GVWR (Gross Vehicle Weight Rating - which is set by the manufacturer), you don't have to be concerned with the FMCSR's (Federal Motor Carrier Safety Regulation - that is set by the manufacturer) or a commercial driver's license (CDL). You must, however, follow the safety requirements and driver's license requirements of your own state.

2. If you are driving a vehicle or combination of vehicles on the interstate that is 10,001 to 26,000 pounds GVWR, you must decide if you are commercial and subject to FMCSR. You do not need a commercial driver's license (CDL), although your home state may have an additional classification of driver's license. (The initial decision is up to the owner whether or not he/she is pursuing a hobby or is involved in interstate commerce and he/she bears the burden of proof. If you only travel within your state, you may follow the state definitions of commercial, but if you plan to travel into other states and your vehicle or combination is 10,001 lbs or more, the official recommendation from Federal Authorities is that you follow FMCSR's)

3. If you are driving a vehicle or combination of vehicles intrastate 10,001 to 26,000 lbs GVWR, you must follow your home state requirements if they differ from the Federal requirements.

4. If you are driving a vehicle or combination of vehicles 26,000 lbs GVWR, or more interstate, you must have a commercial driver's license (CDL) and you must follow FMCSR.

5. If you are driving a vehicle or combination of vehicles 26,001 lbs. GVWR or more intrastate, you must follow your state guidelines for commercial licensing (CDL). and FMCSR requirements.

Farm exemptions can be obtained in some instances, but this vehicle must stay within 150 miles of home.

Many states require trucks and trailers to have license plates that are labeled "commercial" in all states. Please check with your local DOT to find out the rules in your area.

While we have tried to include the most accurate information, the DOT rules pertaining to horse trailers appear to be a very "gray area" - it is highly recommended that you talk to your local DOT office for more information and advice regarding the specific trailer you are hauling to shows and whether the specific trailer you are hauling to shows, and whether they consider you a commercial vehicle that requires a CDL.

And remember, it is much less expensive to obtain your CDL than to pay the fines that might be incurred!

If you have anymore questions, you can contact the Federal Motorcarrier Safety Administration at 1-800-832-5600 for more information.

*Happy
Holidays
everyone!*

Webster's describes ATTITUDE as the position or posture assumed by the body in connection with an action, feeling, mood or thinking that shows one's disposition, opinion or mental set. Red Zeus's photo could be placed along side the definition of "attitude". His focus and timing was intent on the finish line. This big chestnut gelding is on fire at home here in the Desert. Trainer Dan McFarlane has the winning combination to Red Zeus.

At post time he was 16 to 1. The betters had little faith. Jockey Kelly Bridges sat a little off the pace during the race, he moved inside nearing the clubhouse turn and raced forwardly placed. He was approaching the quarter pole on the inside turning for home, battled between rivals passing the furlong marker and finished gamely to prevail by a neck.

Owner Peggy Hopwood and friends were in the winners circle to meet Red Zeus for the photo presentation and trophy. Peggy has a guardian angel looking down on her. Congratulations to all the connections. Another job well done!!! ❖

MOLLY PEARSON SWEEPS BOTH DIVISIONS OF THE 2013 ATBA FALL SALES STAKES

In the early morning hours at Turf Paradise Molly Pearson is cruising the shedrows of barn “O” checking on all of her superstars preparing for morning work outs.

She is a hands on trainer and is dress appropriately in her work attire with a helmet, chaps, boots and flack jacket ready to gallop some of the scheduled horses on the main track. She works diligently along side exercise riders Scott Rollins and Joyce Laufenberg at the stables.

“I LIKE TO RIDE MY TWO-YEAR-OLDS, JUST TO SEE HOW THEY ARE GOING”

All of Molly’s horses are known to her as individuals. She knows their personalities, athletic abilities and their playful quirks from riding them. She has a keen eye for noticing their body language and can tell if they are feeling well by looking into their eyes or by feeling their legs for heat or pressure points.

Molly manages a racing stable of about 25 head of horses at the track and has about 10 to 12 yearling (turning two-year olds) Thoroughbreds starting to train at her ranch.

The Bar Diamond Ranch is located in Scottsdale, about 30 miles from Turf Paradise in a horse community called Rio Verde. The real estate is ideal for horses. It has a sandy loam base (no rocks) and is perfect for training and riding horses.

Above Photo: Left to Right: - Director Jan Osborn presenting Trainer Molly Pearson with a bouquet of roses. ATBA President Kevin Owens presented Molly with the trophy.

BIG FUTURITY DAY

There is no doubt about it. Trainer Molly Pearson, had her colts and fillies ready for the ATBA Fall Sales Stakes Futurity.

In the colts division she saddled three horses Whiz Hit, Private Money Games and I Rock the Party.

The longshot, I Rock The Party, made a gallant rally from ninth position in a field of 12 horses to make a late stretch run to the wire.

He nosed out the favorite Lawly’s Goal (finished second) and stablemate Whiz Hit (placed third).

The pay-off’s lit up the tote board with a \$2.00 win ticket returning \$70.20; place paid \$28.20, and \$16.60 for the show.

Ridden by Jockey Vince Guerra, I Rock The Party covered the 6 furlongs in 1:12.07. This was his first victory out of four starts with a total of \$31,533 in earnings. I Rock The Party is owned by CJ Racing and was purchased at Keeneland. They

consigned him to the 2012 ATBA Sale and he was a buy back.

Q & A WITH MOLLY

Q: How confident were you going into each division of the Futurity?

A: I was pretty confident with each of the colts. However, I was a little optimistic with I Rock The Party. He had been training well and was improving in every work out. He’s a big colt and is still growing. He has a long lumbering stride and can cover the ground quickly. I was very impressed with the way he finished in the Futurity. The owners, Craig, Connie and their sons were elated in the winners circle.

Q: Did you help select the colt out of Keeneland sale?

A: Craig Jones really like’s to be part of the process. He liked the Rock Hard Ten colt. I liked his conformation and we were hoping he would sell at a good price. He did... So, I was lucky enough to be a part of it and was happy to bring him home to Arizona to train.

Q: How did Lazy Daisy May train into the Futurity?

A: Lazy Daisy May is always up for a challenge and eager to train. In fact, she enjoys training and did very well at Del Mar this summer. She puts in nice easy works and is laid back at the barn. She’s a great filly to be around.

Q: Why do you prefer training yearlings/two-year-olds over claiming horses?

A: I’m asked that question alot. The biggest reason is your not getting someone else’s problems. I prefer to train the yearlings before they are broke to ride. I try to pick individuals that will stay sound and run early.

“I ROCK THE PARTY” CAPTURES THE COLT DIVISION WITH A LATE RUN.....

BACK AT THE BAR DIAMOND RANCH

“PURCHASING YEARLINGS IS THE ONLY WAY I HAVE A CHANCE AT GETTING A REALLY GOOD RACEHORSE.”

My program differs from most other trainers. I like to be hands on in the breaking and prep work, before they are sent to the race track. I believe that many young horses that are rushed along develop problems. The number one mistake people make with these young horses is going too far, and too fast, too soon.

Many farms spend about a week in the round corral with the yearlings. Then they are sent straight to the race track to start galloping. Most of these young horses are broke in October or November of their yearling year. It's during this growth period that they are still really developing mentally and physically.

I like to take it slow with my yearlings and do a lot of jogging. It gets them legged up and I spend plenty of time working in the arena with them. By spring they have developed good ground manners and are handling well. A good base makes all the difference and that's what I call really broke!

The more serious training will come later when they are more mature. Once they get to the track, it takes time to get them fit enough to work. I like to start with short easy breezes for six weeks.

“MY CLIENT'S LIKE TO JOKE AROUND ABOUT HOW WELL BROKE MY YOUNG RACEHORSES ARE...IT'S BECAUSE THEY ARE USED TO THE GUN FIRE!!”

WORK HARD & PLAY HARD

Mounted Shooting events are a hobby of Molly Pearson's, and involve a lot of work. Molly also, trains the horses that she and husband Regan compete on. Regan has been competing for about two years and Molly for about a year. She trains the horses to run a pattern and to maintain the course, while firing explosive gun powder shots off of their backs. Now that's a horse that has to be well broke to do his job!

The couple has traveled around the Southwest competing in various timed events. Within the short time that Molly has been involved in the sport, she has won a couple of matches in Williams, Arizona and at the Southwest Regional's in California. She recently placed third overall at the National Events held in Amarillo, Texas. How this couple find's the time, I will never know!

Regan is often busy getting the trailer, horses and equipment ready for the events. He's usually waiting for a call from Molly, to say she's on her way... “Oh by the way honey... Pick up sandwiches!”

I Rock the Party went postward with odds of thirty-four to one. He was broke slowly, raced in the back, wide at the top of the stretch when jockey Vince Guerra closed with a rush and got up at the wire. He finished gamely to prevail over a field of twelve horses to win the ATBA Sales Stakes (colt division) by a nose. The odds on favorite, Son of a Pistola broke sharply, pressed the pace inside, Southern Chatter duelled with Rocky Bar of Gold, but both weakened.

I Rock the Party is a Kentucky-bred bay colt sired by Rock Hard Ten. He was consigned by Bar Diamond Ranch for owners CJ Racing, LLC, at the ATBA Sale in 2012. He certainly has the heart of a winner and was rewarded with a purse of \$30,325.00. Numerous friends filled the winners circle, sharing in an exciting day at the races.

Congratulation to Trainer Molly Pearson for her capturing of both divisions of the ATBA Fall Sale Stakes and to all the owners and friends!

Year	Age	Starts	1st	2nd	3rd	Earned
2013	at 2	3	2 (2)	1	0	\$92,921

After a warm up victory in the ATBA Spring Sales Stakes on May 7, 2013. Lazy Daisy May easily extended her winning streak on October 19, 2013, capturing the ATBA Fall Sales Futurity.

Trainer Molly Pearson saddled two very nice fillies in the ATBA Fall Sale Stakes, finishing 1st and 3rd. The winning filly, Lazy Daisy May came outside her rivals into the turn and was asked by Jockey Geovanni Franco, As she reached the pacesetter inside the eighth pole, she shifted into another gear and drew clear in the lane. She distanced the rest of the field in a driving finish. Her final time was 1:11:08 with a 5 1/4 lengths victory.

Lazy Daisy May was a \$3,500 yearling purchase from the ATBA Fall Mixed Sale in 2012. With this Futurity under her belt she has swept both the Spring and Fall ATBA Sales Stakes Futurities (fillies division) and has tallied \$92,921 in earnings this year.

She was consigned by John Campo III. Lazy Daisy May is sired by Rocky Bar out of Against the Law, by Officer.

Fall Yearling & Mixed Sale Results

The weather could not have been better. The ATBA cataloged, 91 yearlings, 5 racing age horses and 12 broodmare’s. It was evident there would be something for everyone to purchase at this years sale.

Many prospective buyers inspected yearlings on Tuesday, Wednesday and again Thursday morning. The catalog was strong and consignors brought great looking yearlings. The buyers appreciated the breeding and preparation of these consigned Thoroughbreds.

The highest priced yearling was a Hip #83, a Chestnut Colt named “El Ultimo” consigned by Fleming Thoroughbred Farm, LLC. The colt is by Distorted Reality out of a Miswaki mare. Trainer Robertino Diodoro signed the ticket, acting on behalf of his client Charles Garvey for \$28,000.

(Above Photo of Hip number 83)

El Ultimo a chestnut colt by Distorted Reality / Oh No It’s You sold for \$28,000.

Elena Crim from H & E Ranch had a crowd ready to view her consignment of six outstanding yearlings. The buyers saw great potential as they lead them out to preview. Hip# 22, a chestnut filly by Swiss Yodeler out of Sonoita Sunset was purchased by Trainer Jonathan Nance for \$16,000.

Curt & Lila Lanning, LLC, signed for Hip#6 a filly by Pure Prize out of Autumn Wedding for \$10,000. The dam Autumn Wedding is out of a Stakes winning mare named Burst of Autumn, by Arctic Blitz. She has had two black type Arizona bred foals, a filly named Lucky Autumn and a colt named One Call. One Call won the 2011, Walter Cluer Memorial Stakes and was a champion three-year old colt in Arizona, with earnings over \$171,000. Lucky Autumn, earned over \$64,000 in her racing career.

Karl & Stannie Myers passed away last year. They were great supporters of our ATBA Sales and purchased many yearlings. We were glad to see the The Myers Family Trust and Dave Marshall purchased Hip # 73. A gray filly by Old Fashioned and out of Maga’s Daughter for \$14,200. This is her first foal but had a lot of black type in her pedigree.

Consigned by Fleming Thoroughbred Farm, LLC

Bar Diamond Ranch had a great consignment. Looks like Molly Pearson ‘s clientele are taking their chances in the ATBA Sale Stakes Futurity next year, after buying back all they had consigned.

Ransom Ranch was a new consignor and they brought a little of everything to sell this year. We hope to see them back next year. **The ATBA would like to Thank all of our consignors and buyers for their support at this years sale.**

Tribal Gal a dark bay or brown filly by Tribal Rule out of Famous Gal, is Trained by Kory Owens and the owner/breeder is John Pendergast. Mr. Pendergast had to be pleased at this filly's performance. She won her race impressively drawing off from the rest of the field, finishing in 1:08.80. Tribal Gal is produced from top stock, and born and raised with black type running through her veins.

Tribal Gal tracked early, with a come from behind running style. Jockey Juan Rivera moved to the front on the turn, and Tribal Gal found herself a little wide. She responded to a strong urging and drew out in the final strides to the wire. There was no need to worry, she was running all out and finished 5 1/4 lengths in front. Congratulations to all of Tribal Gal's connections!!

A Horsemen's meeting was held on Oct. 3rd with **HBPA, ADOR** and management welcomed everyone back. **ADOR** reviewed the new medication rule changes and reminded horsemen to wear their licenses,

Turf Paradise started with a shortage of horses, but is now on the up swing with trainers coming from Canada, New Mexico, Utah, Minnesota, Idaho etc...

Track Superintendent **Robert Beaubien** has gone back to Delta Downs. **Gary Kretschmer** will be taking over the track duties.

After breaking Broadway Empire's maiden here at Turf Paradise, Trainer **Robertino Diodoro and owners** decided to take a shot at the **Breeders Cup at Santa Anita**. Good Luck to the connections of Broadway Empire.

A benefit auction was held for **Beth Davis and Sherry Thornton** in the paddock room. They had a great turn out and would like to Thank Horsemen for their support.

Another successful **ATBA sale!** A few new consignors and buyers.

Lots to choose from, Yearlings you can start in the Spring or mares in foal, letting your dream start from scratch!

Wayne Brasher has been in Banner Desert, Mesa hospital. Please keep him & Loretta in your thoughts and prayers.

Joanne Dye
September 25th, 1930 -
November 3rd, 2013

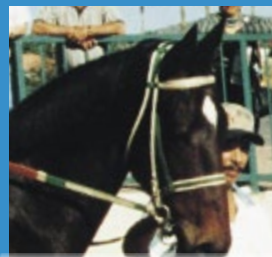

Joanne was a loving wife, mother grandmother, sister, aunt and friend. Joanne was born at St. Joseph's Hospital in Phoenix, Az. She grew up in central Phoenix and was very proud to be a native Phoenician. After graduating from North High School, she attended dental hygienist school in California and returned to Phoenix to work. As a young career woman, Joanne enjoyed meeting friends after work at Durant's on Central Ave. That is where she met her future husband, Gilbert Victor Dye. Gil and Joanne were married at the Little Church of the West in Las Vegas, Nv on Oct. 23, 1958. Joanne and Gil were blessed with two sons, Mark and Mike. Joanne was a very active mother and took great pride in her boys. She was a savvy entrepreneur. Joanne was always working and honing her business skills, first in her family liquor store, then later with her own resale clothing business, and furniture auction house. Joanne also owned and operated "Joanne's Pride" peach orchard. She was involved in growing, packing and distributing her prized peaches each year. Joanne and Gil were very involved with thoroughbred horse racing. Joanne supported the ATBA an was a past president of our organization. Joanne loved to travel and enjoyed many trips abroad with family. Her family will always cherish the memory of her Easter brunches, 4th of July parties in Solana Beach and Christmas Eve tamale dinners. Joanne had a true passion for life; whether enjoying the horse races, beach time with the grandkids, poker games with friends or cooking from scratch. Joanne did it all with grace and humor.

Beth Marie Davis, 83 of Phoenix, Az.
When ever you made a bet at her window, Beth would greet you with a smile that could melt your heart. Her kids and grand kids were her pride and joy. I'm sure her and Dean are strolling hand in hand making up for lost time.

She will be greatly missed!

Last Don B
"Lumpy"
October 13, 2013

Race Record: 104 Starts
40 Firsts, 31 Seconds, & 18 Thirds
Lifetime Earnings \$471,461

*When ever you dream of owning a race horse,
this is what you must hope for..*

Owner Leonard Monti, Jr. and Lynda Tanner's achievements of racing a horse for nine (9) consecutive years figures to stand as a standard for all other horsemen.

Last Don B could race and win on every kind of surface, at any race track. In 1992, 1993, 1995, 1997 and 1998, he set or equaled five track records.

For eleven years, fans cheered for him; trainers feared him; Arizona-breeders appreciated and respected him; his owner loved and adored him and the trainer gave the greatest love of all, she cared for him.

The Racehorse of a lifetime!

*Others that have left our racing family
way to soon..*

*Our deepest sympathy, thoughts and
prayers go out to all their families.*

ARIZONA
THOROUGHBRED
BREEDERS
ASSOCIATION

The A.T.B.A. was organized in 1967 as a non-profit organization “dedicated to the betterment of the Thoroughbred industry in the State of Arizona”. Since 1967 the Arizona Thoroughbred Breeders Association has had an influence on almost all aspect of racing laws and regulations which has benefitted all horsemen running in the State of Arizona.

The goal of the Arizona Thoroughbred Breeders Association is to serve its membership and to grow into a strong viable organization with the ability to purchase land and build our own sales pavilion.

Fifteen directors serving for three years each on a rotating basis, govern the policy of the Association. The directors also assume duties during the year such as attending Arizona Racing Commission meetings and attend legislative matters pertaining to our industry.

The main source of income for the A.T.B.A. is our annual fall Thoroughbred mixed sale. Consignments come from all over the western part of the United States. All yearlings that are consigned and pass through the sale ring become eligible for the A.T.B.A. Spring & Fall Sales Stakes which are run the following May and October as 2 years old with an estimated purse of \$75,000. (May - \$25,000 bonus paid to an Arizona-bred winner, October - \$100,000 bonus paid to an Arizona-bred winner)

Attention
ARIZONA STALLION OWNERS
Keep your Stallions progeny eligible!

Stallion Owners;

Any stallion that stands the entire breeding season in Arizona, and files a copy of the The Jockey Club Report of Mares bred for that breeding season with the ATBA office, that stallion (s) offspring will be eligible to race in the Stallion Stakes Derby.

What this means to you as a stallion owner.

- *All 2014 foals of Arizona Stallions (standing the full 2013 breeding season in Arizona) will be eligible to enter the 2017 Stallion Stakes Derby. This should create an exciting race as there are no early nominations, or late fees.*
- *Stallion owners must send a copy of the Jockey Club Report of Mares Bred to the ATBA office each breeding season. This is mandatory if your stallions offspring is to have the opportunity to participate.*
- *Foals need not be Arizona-bred, but must be by a stallion standing the full season in Arizona and a copy of the Report of Mares bred on file with the Arizona Thoroughbred Breeders office.*

The Arizona Stallion Stakes Derby is a restricted race for the offspring of Arizona Stallions.

If you have any questions do not hesitate to call the office, (602) 942-1310

PEDIGREE CROSS INDEX

This Pedigree Cross Index allows a breeder to nick, inbreed or outcross his broodmares by easy reference. Indexed are the names of sires and dams included within the first three generations of all the stallions in the 2014 Stallion Directory.

Example: AFFIRMED - Charlie Barley, Mystery Storm, Peteski

In the above example, Affirmed appears in one of the first 3 generations of all the stallions listed after him.

Suppose a breeder has a mare that is a granddaughter of Bull Lea or has crosses of that sire in a mare's pedigree. He may want to breed her to a stallion with Northern Dancer blood to take advantage of the Northern Dancer--Bull Lea nick. By looking up "Northern Dancer" in this index, he can quickly see all the stallions in this register that have Northern Dancer appearing in one of the first three generations of their pedigrees.

If a breeder's mare is a granddaughter of *Nasrullah, he may wish to inbreed to that stallion and thereby get more of *Nasrullah's makeup in the foal. By checking "Nasrullah" in the index, the breeder can readily find all the advertised stallions that have *Nasrullah in their pedigrees.

What if a breeder's mare is already inbred or linebred? She might have 2 or 3 crosses of *Princequillo in her first four generations for example. The breeder may want to make sure the stallion he chooses for his mare has no *Princequillo or no *Princequillo up close in his pedigree. By looking up "Princequillo" in the index, he can readily see the stallions in this Stallion Register he should avoid for his mare.
