MEMBERSHIP

ARIZONA THOROUGHBRED BREEDERS ASSOCIATION

The A.T.B.A. was organized in 1967 as a non-profit organization "dedicated to the betterment of the Thoroughbred industry in the State of Arizona". Since 1967 the Arizona Thoroughbred Breeders Association has had an influence on almost all aspect of racing laws and regulations which has benefitted all horsemen running in the State of Arizona.

The goal of the Arizona Thoroughbred Breeders Association is to serve its membership and to grow into a strong viable organization with the ability to purchase land and build our own sales pavilion.

Fifteen directors serving for three years each on a rotating basis, govern the policy of the Association. The directors also assume duties during the year such as attending Arizona Racing Commission meetings and attend legislative matters pertaining to our industry.

The main source of income for the A.T.B.A. is our annual fall Thoroughbred mixed sale. Consignments come from all over the western part of the United States. All yearlings that are consigned and pass through the sale ring become eligible for the A.T.B.A. Spring & Fall Sales Stakes which are run the following May and October as 2 years old with an estimated purse of \$75,000. (May - \$25,000 bonus paid to an Arizona-bred winner, October - \$100,000 bonus paid to an Arizona-bred winner)

ATBA PRESIDENT'S LETTER

Dear Fellow ATBA Members,

As I greet you today as your new president, I first want to thank our past president Kevin Owens, and our past vice-president Dennis Miller, for each serving a 3-year term in their respective functions. During their tenure, massive challenges to our industry had to be confronted and far-reaching changes were implemented.

I want to specifically address two aspects that are indirectly connected -- the move of the ATBA sale to a new venue and a later date, and the dwindling foal crop in our state.

2015 was the first year that I can remember in which Arizona's foal crop fell below 100. While the Jockey Club's most recent figures for mares bred to stallions standing in Arizona are not yet available, evidence suggests that our foal crop in 2016 will be even smaller. That is a far cry from its peak of 416 foals in 1997, and less than half the 202 foals we had in 2010, only five years prior. It is alarming that this decline in foal numbers occurred in Arizona with an unsustainable pace, in fact it more than double the rate seen in the nationwide decrease during the last ten years.

Ever smaller foal crops naturally resulted in fewer yearlings consigned to our ATBA Fall Mixed Sale each year. It also diminished our weight at the negotiation table with Westworld, the host of our sale since 1989. When the City of Scottsdale last April signed a long term contract with a big horse show organization -- utilizing all barns and arenas for the entire month of October -- we were forced to move to a new location as well as a later date.

With the first auction at Horseshoe Park in Queen Creek under our belt, we value your feed-back so we can improve our sale for both, consignors and buyers alike. I encourage the consignors, buyers and trainers to make your voice heard and respond to the survey that you would have received in the mail last month.

Since the New Year began with even more and greater challenges, I humbly ask for your support and active participation as the entire Board continues to work hard to obtain funding for restoring our Breeders' Awards. When we all unite and pull in the same direction, together we can turn things around and re-build a sustainable future for breeding and racing in Arizona.

I look forward to meeting you all in person at our Annual Membership Meeting and Awards Dinner on Friday, April 22; followed by the Spring Breeders' Festival on Saturday, April 23. The nine-race card will be an Arizona-only affair: Five Stakes, headlined by the Gene Fleming Breeders' Derby and four other races are all restricted to Arizona-breds. I urge each and every owner and trainer to enter their Arizona-breds specifically in these races, so we can celebrate our home-breds with a powerful line-up and full fields on that special day.

Sincerely,

A handwritten signature in black ink that reads "Marvin Fleming". The signature is written in a cursive, flowing style.

THINGS TO LOOK OUT FOR IN IRS AUDITS OF HORSE ACTIVITIES

by John Alan Cohan, Attorney at Law

The U.S. House of Representatives is considering a resolution to impeach IRS Commissioner John Koskinen for violation of the public trust, failing to comply with congressionally issued subpoenas, and misleading the public over IRS practices of targeting conservative groups in audits. The last time Congress tried to remove a public official via impeachment was in 1876, when Secretary of War William Belknap was impeached on allegations he had helped himself to war funds. He resigned under pressure from President Grant.

IRS agents are often viewed with disdain by people subjected to audits, especially in the horse industry because agents frequently do not understand the intricacies of breeding, racing or showing.

When conducting audits of horse ventures, revenue agents usually rely on an IRS tax audit guide pertaining to this field. The guide is loaded with “gotcha” questions and prejudicial commentary. For example, the guide states: “Many of the taxpayers who potentially fall under the provisions of IRC section 183 with respect to horse and cattle activities have been involved in such activities during their youth. These taxpayers have grown up on farms or had close relatives who operated farms. Other taxpayers had unfulfilled childhood aspirations to be involved with such activities, but circumstances prevented participation. As adults, these taxpayers have achieved the financial wherewithal which permits participation.”

If you are audited in connection with your horse activity your auditor will be looking for the following red flag situations:

1. Sales of animals through atypical sources.
2. Bartering that may account for some sales; swapping of equipment or services for breeding stock.
3. Use of multiple bank accounts with reliance on the bank records for reporting purposes. The IRS thinks this lends itself to misreporting due to exclusion of some records. Revenue agents also watch for transfers to or from savings, money market, and investment accounts.
4. Lack of a business plan.
5. Personal expenses deducted as farm expenses. This is the most common form of misreporting among farmers and ranchers.
6. Inability to document how much time was devoted to the activity and whether the taxpayer was an active participant.
7. Incomplete or disorganized records.

Revenue agents need to understand that the horse industry is dynamic, and that various elements in the economy may dramatically tilt a taxpayer’s activity toward profit or loss. Changes in supply and demand for the particular animals can run the prices up or down. An oversupply of animals can push prices down. The weather impacts on profits as well, with drought, flood, heat spells and blizzards that can result in feed cost increases, reduced availability of grazing pasture, or there can be unexpected casualties or illnesses. Casualties and diseases can affect long range efforts to rebuild markets.

The IRS guide also asks revenue agents to watch out for taxpayers who conduct more than one activity, and to take into consideration the “material participation test.” The manual states that if a taxpayer is engaged in a full time occupation outside of the horse activity, that raises a question of how the taxpayer has sufficient time in which to “materially” participate in the activity. If the IRS finds that you are not materially participating, it could deny you the right to deduct losses against outside income.

If you are audited, it is helpful if you can show that you are either making a profit in the activity or that you are in the middle of a profitable year, or at least that your losses are declining.

Sometimes it can be important to have an expert witness prepare a report explaining how external circumstances contributed to losses, or to discuss the quality of pedigrees and businesslike methods demonstrated by the taxpayer.

It is usually prudent to have an experienced taxpayer representative handle the audit on your behalf. The main consideration in any audit concerning horses or other farming activity is whether the taxpayer has an honest intention of engaging in the activity with a view towards making a profit, rather than as a hobby. This is shown by objective as well as subjective evidence. Many of my clients have been successful in withstanding IRS scrutiny because they have made it a point to get professional legal guidance early on. ♦

THE PHOENIX GOLD CUP

Arizona-bred Jamaican Memories was victorious over Storm Power in the \$75,000 Phoenix Gold Cup. Track announcer Robert Fox gave the crowd an exciting race call as Jamaican Memories and Storm Power put on an incredible performance. Running strong on the outside was Storm Power who looked like the winner, until out of nowhere came Jamaican Memories flying in the lane. He gave us all a spectacular thrill in a photo finish decision with Storm Power. Jockey Andrew Ramgeet rode a beautifully timed race aboard Jamaican Memories to prevail at the wire, just in the nick of time!

Masterful Stride set a fast pace in the first quarters of the six furlong sprint and held the lead into the stretch, but was soon challenged by the betting favorite Absolutely Cool who raced between horses nearing the sixteenth pole only to finish third behind Storm Power and Jamaica Memories as both horses made their powerful moves on the extreme outside of their rivals.

The Phoenix Gold Cup was once carded with an added purse of \$150,000 and carried a (Grade 3) Stakes status for more than 14 years. Many California stakes horses invaded Arizona for a chance to capture such a large purse. Ez Dreamer was the previous Arizona-bred to win the Phoenix Gold Cup, back in 2010. Winning the Phoenix Gold Cup has always been a big deal around these parts and is still celebrated on the backside among horsemen, while the stake horse's are cooled out after the race. Jamaican Memories lifetime earnings are \$290,327 and this win will give owners Carol & James Bolin and breeder H & E Ranch a nice award at the end of the meet. Breeder Elena Crim of H & E Ranch was present in the winners circle for the victory. Jamaican Memories went off at 10-1 odds and paid \$23.00 to win, \$6.00 to place and \$4.60 to show. Vince Francia, General Manager of Turf Paradise presented the Gold Cup Trophy and blanket to the owners. ♦

Congratulations to the winning owners Carol & James Bolin, trainer David Van Winkle and breeder H & E Ranch!

TURF PARADISE HANDICAP

The Turf Paradise Handicap had a field of nine horses that went post ward for the distance of one and one sixteenth miles on the turf course.

Rocked Twice broke alertly from the gate and set the pace around the first turn with his ears pricked forward as he galloped steadily down the backstretch with jockey Jorge Martin Bourdieu aboard. His quick turn of foot was unmatched as he raced into the final turn and drew off in the homestretch. Ride Hard Kowboy was well placed early

in the race and chased gamely taking second. AZ Ridge was the betting favorite as he tried to make a bid in the home stretch but lacked a needed response. Rocked Twice was bred in Arizona by Kevin R. Owens and has lifetime earnings of \$168,056 with 20 starts and 7 wins. Owner Rick Reynolds was presented with the stakes trophy and a bottle of wine by Shelley Green. ♦

Congratulations to owner Rick Reynolds and trainer Dru Hall.

BREEDER OF HEIDI'S IN CHARGE

WINNER OF THE 2015
FALL SALES STAKES FUTURITY &
THE ARIZONA BREEDERS' FUTURITY

Cheryl & Tosch Keshian have been breeding Thoroughbred horses for more than 20 years at their farm located in Eagle, Idaho. The town of Eagle is nestled below the foothills of the Boise Mountain Range and the Boise River runs through the length of the city. It's river banks are boarded by a greenbelt of trees that provide a distinct change of color during the four seasons. Although the winter can blanket the city with cold temperatures and snowfall the climate is considered

**"THEY GET TO BE JUST HORSES,
GRAZING ON GRASS AND BUILDING
BONE & MUSCLE TONE RUNNING
AROUND IN THE PASTURES"**

moderate with more than 200 days of sunshine. It's beautiful grassy landscape is an ideal place for raising horses.

When Heidi's In Charge won the Sales Stakes Futurity in early November the Keshian's had

already made plans to ship their consignment of yearlings to the Arizona Fall Sale.

Of course they were elated as they watched the pretty gray filly win the Arizona Sales Stakes Futurity, from a simulcasting facility at Les Bois Park. Cheryl said, we were screaming for her when she made her move in the homestretch and we were happy to cash our tickets...we love it when they win!

The Keshian's sold Heidi's In Charge at last years yearling sale to owner Mark Breen for \$33,000. It gave them a marketing strategy for years to come, because they own the mare Sarah In Charge (Heidi's dam) and her other foals.

Sarah In Charge has a nice dark bay/brown yearling filly by Ez Dreamer (full-sister to Heidi's In Charge) that will be for sale at the next ATBA Sale in November. Cheryl said, we bred Sarah In Charge back to Lakerville, who stands at Harris Ranch, in Coalinga California and we are expecting to hear about the birth of her foal this spring. Lakerville entered into stud service in 2015 and is a stakes winning turf sprinter by six-time leading California sire Unusual Heat.

People ask me all the time, why do we sell our yearlings? I always reply, with well "we breed our horses to sell." I enjoy seeing them graduate from our farm, through a sales ring and then into racing. Our goal is to improve our product (horses) every

Sweet baby face of Heidi's In Charge
by Ez Dreamer out of Sarah In Charge

Heidi's In Charge winning the 2015 Arizona Breeders' Futurity (filly division) for owner Mark Breen and trainer Dan McFarlane. This year Cheryl & Tosch Keshian will be presented with the Breeders Award trophy for 2015 Az-bred Champion 2 Year-Old Filly
Photo courtesy of Coady Photography

year, so our harvest, so to speak, makes enough money for us to remain in business.

Tosch Keshian was in Phoenix wrapping up some business after the sale and attended the races at Turf Paradise, when Heidi's In Charge won the 2015 Arizona Breeders Futurity (fillies division).

When asked how he felt when she won, he replied with "I couldn't have been happier" It was great to see her win that stakes race!

I really want to thank Richard Owens for the opportunity to breed to Triple AAA Ranch stallions.

BUSINESS AS USUAL

Each year Cheryl & Tosch sales prep an average of 12-15 yearlings for their clients to sell at auction. They plan the livestock schedule around yearling sales and breeding seasons for client horses and for the horses that they own.

A candid photo of Cheryl & Tosch Keshian enjoying the races at Les Boise Park.

Sales prepping yearlings for auction at the farm can begin as early as January through November. Tosch, said we leave the yearlings we sell in October/November out in the pastures until August.

They get to be just horses, grazing on grass and building bone & muscle tone running around in the pastures. I plan two-years in advance for breeding the mares by selecting the next stallion to breed to and where to ship them. So that schedule is based on the nature of the breeding cycles.

Our six stall barn has large 16 x 16 stalls to ready the horses under lights and we utilize the jog-

walker machine and a 70' Eurocizer for exercising the horses. It allows the horses to be untethered, so they can move freely throughout an exercise session. It helps to build muscle tone and endurance in our yearlings and aids some of our other horses that need rehabilitation exercise, before they enter back into rigorous training routines at the racetrack.

The Keshian's are able to offer a wide variety services for their clients as their 22 acre farm has plenty of space for boarding up to 40 head of horses (mostly yearlings). They have a seven horse goose neck trailer that they use to transport client horse's

to the stallion stations for breeding or to auction, and to nearby training tracks for galloping or workouts.

The trailer can be converted into box stalls for hauling mares with their small foals.

Green pastures and fresh water are a few of the most important features of a horse farm. Few Acre Farm has an artisan well on the property that delivers water to the paddocks

Jess, 6 years old - The Keshian's trusty Queensland Blue Heeler

The barn has six stalls that are 16 x16 in size and allows the horses to be comfortable under lights.

The Eurocizer machine allows horses to be untethered as they move freely throughout an exercise session.

and pastures through a supply/drainage system, so the horses drink cool fresh water everyday.

Tosch said, he is on the road in the late fall hauling mares to breed in Arizona at Triple AAA Ranch and to Harris Ranch in Coalinga, California.

November is the time of year when he is planning for round trips in selling their yearlings at the ATBA Fall Sale. Jess, the Keshian's 6 year-old canine Queensland blue heeler likes to travel with Tosch to Arizona. Cheryl usually flies in to help with the sale. The client yearlings are scheduled for sale's in Northern California, Kentucky and Colorado in the late summer months to early fall.

Most of our time is spent on the farm caring for horses, said Tosch. "I'm really not allowed to leave the farm, because I sometimes get into trouble. In January I had, what I like to call a "shopping accident" I purchased two mares that I really liked from Barretts Sale, but its all good now, since we recently sold one of the mares to a good client.

The Keshian's, like to get away from the farm and watch a few races at Les Bois Park during the summertime. We will miss the action at Les Boise Park, said Tosch, as the owners have cancelled its

2016 race meeting, due to the loss of the historical horse racing machines that have been ruled illegal to operate in Idaho.

Last year the slot-like instant racing machines created revenue of a million dollars that help to subsidize the purse account for live horse racing. Many jobs have been lost at the track. Horse owners and trainers are making plans to race elsewhere for the summer.

We haven't foaled many of our own mares in Idaho, due to the controversy and the uncertainties of whether or not Les Bois Park will be operating a race meet from year to year. With that said, if there is no money for purses and no live racing, there are no sustainable incentives for breeders. We've always bred our mares to Arizona or California stallions and mainly foal in those states.

Heidi's In Charge will be honored at our Annual Awards Dinner as the 2015 Champion 2 year-old Filly Sales Stakes and 2015 Arizona Breeders' Futurity winner (both fillies division).

The ATBA looks forward to congratulating the Keshian's at our Annual Awards Banquet to be held at Turf Paradise on Friday, April 22, 2016. ♦

TURF PARADISE CELEBRATES

The 60th Anniversary weekend party featuring the \$75,000 Cotton Fitzsimmons mile on the turf and the \$35,000 Glendale Handicap was swept by California invaders. **Something Unusual** rallied from next to last to capture the Cotton Fitzsimmons by a head over **Az Ridge**. Ridden to victory by Ignacio Puglisi for owner Bruce Tritman and trainer Michael McCarthy, **Something Unusual** went off with 8-1 odds paying \$19.80 for the win. He covered the one mile distance on the turf in 1:37.01. JoAnn Fitzsimmons (Cotton's widow) presented the winning trophy. The 8 year old bay gelding is by Vronsky out of Unusual Prospect by leading California stallion Unusual Heat.

Something Unusual has won 4 out of 28 starts in his career with lifetime earnings of \$303,644.

Turf Paradise was established in 1956 by businessman Walter Cluer. He dreamt of building a first-class race track in Phoenix, when he purchased 1,400 acres of barren desert from 19th Avenue along Bell Road. Cluer was a horse owner and remained the head of the race track for nearly 25 years. Turf Paradise is known as one of Arizona's first sports franchise and celebrated it's 60th Anniversary with a fun filled day of activities including an umbrella giveaway, a kids fun park, live music and discounted food and drink specials.

Something Unusual upsets the \$75,000 Cotton Fitzsimmons mile. Ridden to victory by Ignacio Puglisi for owner Bruce Treitman and trainer Michael McCarthy.

60TH ANNIVERSARY

Glendale Handicap winner, *With A Twist* was the betting favorite and is trained by Robert Hess, Jr. The gray mare responded gamely through the lane to prevail over *My Blue Sky* by neck. Ridden to victory by Brice Blanc for owners Ernest Marchosky and Jerry McClanahan.

The Glendale Handicap went to post with a field of eight fillies and mares. ***With A Twist*** was the betting favorite and captured the one and one sixteenth miles on the turf in 1:45:50. From the gate, *Four Times Lucky* took the lead entering the clubhouse turn and set the pace early, but weakened entering the homestretch as *My Blue Sky* dueled in the lane and lost her lead in the final furlong to ***With A Twist***, who challenged on the inside to prove best. ***With A Twist*** is by Cashel Castle out of Excellent Idea by General Meeting and is trained by California-based Bob Hess, Jr., and owners Jerry McClanahan & Ernest Marchosky.

Arizona State Governor Douglas A. Ducey, honored Turf Paradise with a Commendation as part of Arizona's history and its future as it offers one of the longest horse racing seasons in the United States. Phoenix has the greatest winter weather conditions for horse racing, and offers more than 150-day meeting running from October 17th, 2015 through May 8th, 2016.

Congratulations to Turf Paradise's owners, employees, horse owners, trainers, jockeys for continually operating and supporting the "Sport of Kings" in the same place for 60 years. ♦

Track Talk

It was decided by the 2015 ATBA Board of Directors to eliminate the 2017 Spring Sales Stakes and replace it with a longer contract for our yearling sale horses. Instead of Two Great Futurities (Spring & Fall) the new contract will offer the Fall Sales Stake Futurity (two divisions for fillies & colts with \$35,000 for each division). And will schedule sustaining payments into the following year (2017) which will offer two Handicap's for 3 year-olds & 4 year olds (divided for fillies & colts and geldings). The 2016-2017 Sales contract has added an additional \$35,000 and another race. The new contract was designed to preserve the longevity of racing age horses. The same eligibility clause will remain in our contract: (all horses must pass through the sales ring to be eligible and maintain all sustaining payments required per the contract payment schedule).

Patti Shirley has been selected as the recipient of the 2016 TCA Award from Thoroughbred Charities of America. TCA has acknowledged more than 20 recipients for their work with Thoroughbreds. Whether it is through adoption, retraining or retirement the TCA Award of Merit is presented to these individuals and organizations who care and provide a better life for Thoroughbreds, beyond their racing careers. Patti Shirley is the founder of Equine Encore and will be presented with this year's TCA Award at the ATBA Awards Banquet on April 22, 2016. Patti provides a permanent home for 74 horse's at her Tucson, Arizona farm.

Equine Encore Foundation is one of the Tucson Charities benefiting from the raffle, so be sure to purchase your ticket's from Patti Shirley or Joyce Long to help fund a forever home for retired Thoroughbreds. Tucson Raffle for Charities (on page 3) provides information by The Jim Click Automotive Team for your chance to win a 2016 Ford Mustang Shelby GT350. Only 4,300 of these cars were made.

Turf Paradise has made additional cut's to their Stakes Schedule. Stakes races that were originally set for \$35,000 are now \$25,000. Be sure to see the revised schedule posted online at equibase.com or in the latest condition book. Contracted Stakes Races held by the A.T.B.A., will not be reduced through 2016. The Gene Fleming Derby will continue to be set at \$50,000 guaranteed.

Fleming Thoroughbred Farm is introducing their new stallion **Lotsa Mischief** for the 2016 breeding season.

*Lotsa Mischief is sired by Into Mischief out of Saucy Countess by Tabasco Cat. **Into Mischief** was a grade one winning two year-old, from the exciting pedigree of Storm Cat. **Into Mischief** is the half-brother to **Beholder**, who holds the titles of American Champion Two & Three year-old filly and was voted Champion Older Dirt Female Horse after becoming the first mare to win the 2015 Pacific Classic (G1) at Del Mar.*

John Pendergast lost his champion mare **Famous Gal** in 2015 to colic. She earned Arizona Champion Broodmare Awards in 2014 and 2015. Famous Gal is the dam of Tribal Gal, who was 2014 Az-bred Champion Three Year-Old Filly and won 2015 Arizona-bred Older Female Award. Tribal Gal was purchased last year by Calumet Farm as a broodmare prospect. We hope to hear about her first foal in 2017.

Last year, Kara Toye broke her ankle badly, while riding her horse at the barn when he suddenly fell on her. She had to undergo surgery and then was in a cast for several months. With the support of her parents and boyfriend she made it through a difficult time. Her injury sparked an idea to raise funds to help injured race track people with their financial needs and/or medical bills, so she put together an exciting event to fund a great cause. ♦

Kara Toye

Track Talk

On Wednesday, February 24th Kara Toye organized a wonderful charity benefit for injured racetrack workers (grooms, exercise riders, etc.). It was a fun filled evening with BBQ food, drinks, live auction, raffle, music, dancing and the highlight of the evening was The Calcutta Bull Riding Contest.

Over 200 people turned out to participate and watch the event. We all enjoyed live music by Carl O'Callahan, who was also the master of ceremonies with his clever wit and humor. A live auction of items started out the bidding and then auctioneer, Dale Ray got the buyers excited to bid on a lineup of 12 bull riders that filled the jackpot with more than \$3,300 for the bull riding event.

Dr. Reed Zimmer was in close contention with his winning bid on a 10 year-old cowboy named Avery Mullins. Avery showed his true grit on his first ride as he stayed on for the eight seconds and then frisbees his straw hat at the crowd after a well executed dismount. His next ride and dismount was pretty entertaining as he threw in a nice back flip on the bouncy arena, which got the fans on their feet cheering.

Twyla Bensmiller and Abby Johnson were the female bull riders that made it into the finals. Abby Johnson took the buckle and part of the jackpot was won by Lance Bullock (her Calcutta sponsor).

Fun was had by all and the weather that evening was picture perfect. And that's why we love Arizona in the wintertime!

Many thanks to Kara Toye for her hard work and organization of the fun charity event for such a great benevolent cause. She would like to give thanks to the volunteers that helped to make the event successful. They are Dr. Reed Zimmer, Bucky Huff, Connie Hone, Dani Clegg, Wendy Hobson, Bobby Nelson, Chaplain John Shumaker, Bartenders, Turf Paradise Management, Chef Gareth Jones, Food servers, Kari Toye, Dale Ray, Carl O'Callahan, Cowtown Boots, Loretta Brasher, Mike Barro for the pizza donations, Bull riders, Judges and operators and many others who donated their time and effort.

Also, special thanks to all the people who made donations and turned out to help make the event successful. ♦

Abby Johnson Winner of the Calcutta Bull Riding Event

2016 NEW MEMBERS

The ATBA would like to welcome the following new members to our organization.

IRENE DENISON
KEVIN EIKLEBERRY

Thank you for your membership & support of our Association!

Your membership is the best seventy-five dollars you'll invest in the Thoroughbred business.
2015 Membership dues \$75.00

In Loving Memory
Ryan Edward Felipe

January 16, 1972 - December 28, 2015

You see these lines on my face,
They tell the story of my days
You see the light in my eyes
You turned it on with your smile,
As my hair turned to gray
And my memory fades
As my bones turn to dust
You were my crutch.
As my work here is through
Remember this one truth.
"I will always love you."

– Joe Felipe

Our Condolences to the family of Ryan Felipe, who passed away suddenly in December of 2015. Ryan was 43 years old and worked for several years with Kent & Yvonne Kunz owners of Discount Feed. He was well known among many Turf Paradise horsemen and will be greatly missed.

The following quote is dedicated to the children, extended family members and friends of Ryan Felipe.

"I know for certain that we never lose the people we love, even to death. They continue to participate in every act, thought and decision we make. Their love leaves and indelible imprint in our memories. We find comfort in knowing that our lives have been enriched by having shared their love."

– Leo Buscaglia

Ryan was a giver of life through organ donation.

TURF PARADISE AND SOUTHWEST RACING

January 27, 2016

Turf Paradise closed down the barn area for nearly three weeks, after a horse that shipped from New Mexico (a filly) was euthanized. The filly and two other horses (that remained in quarantine for three weeks) had shipped from Sunland Park, where an outbreak of the virus had occurred. The horses appeared normal upon arrival to Phoenix and tested negative for the herpesvirus-1 (EHV-1) from nasal swabs. But after the filly was showing signs of neurologic distress or “wobbling” symptoms, consistent with the contagious disease known as equine herpesvirus (EHV-1) strict protocols had to be put into place and bio-security measures were implemented.

Immediately following the death of the filly Turf Paradise management and the Department of Agriculture notified horsemen and posted quarantine signs at the stable gate. Turf Paradise administered a “lock down” of the stable area. Horse’s were not allowed to leave, nor were any horses allowed to enter for three weeks per the quarantine.

The two horses (from New Mexico) were placed in quarantined barns far away from the other non exposed horses to prevent an outbreak of the virus strain. This is a serious virus and can spread like wild fire through horse-to-horse contact, as well as human-to-horse contact. Racing personnel such as jockeys exercise riders, grooms and trainers are required to have their equipment sterilized and clothes laundered.

Careful consideration in the transmission of the herpesvirus, requires exposed horses to be separated from each other by a distance of a hundred yards to prevent aerosol transmission.

The incubation period of the virus can be quite lengthy. Within a day of becoming infected, a horse can spike a temperature of 101.5 or more and could lead to developing signs of neurologic disease within seven or eight days. The virus can sometimes surface within 14 days after the equine first becomes infected.

Therefore, safety measures must be in place to prevent the contamination of non-exposed horses with feeding tools, grooming equipment, stable supplies, water buckets, horse trailers and all surfaces must be disinfected to prevent any transmission.

The outbreak of the equine herpesvirus (EHV-1) in New Mexico was reported on January 22, 2016. Over a month ago, the virus heightened fears among the horsemen as more positives were being reported.

The risks of exposing a population of 1700 horses at Sunland Park and nearby training centers, became dreadful with each passing day as the report of another horse testing positive for the virus would reset the quarantine date for a lengthier time. According to recent reports, as many as 72 horse’s were diagnosed with positive tests for EHV-1. Sunland Park took a proactive approach to protecting the horses and shut down racing for 14 days, until the outbreak was under control.

Racing finally resumed at Sunland on February 26, 2016, after no positives were reported. Reports of 54 horses were released from quarantine, but the bio-security measures in each barn remained strictly in place.

Turf Paradise released it’s quarantine and ban on shipping into the barn area on February 18, 2016. Horses were allowed to move in under a restricted protocol.

Horsemen were given a list of requirements for horses entering the stable area to abide by. A few of the requirements are as follows:

1. Scheduling horses for arrival into the holding area with TUP management.
2. Health Certificates issued within 72 hours, must include proof of EHV vaccination within 14-60 days, temperature of horse at time of health certificate was issued, statement that the horse has not been expose to EHV.

Affects of the Equine Herpesvirus EHV-1

3. Foal papers and current Coggins test to be kept on file in the racing office with negative results from EHV blood and nasal swab samples.

4. Horse trailers must be disinfected with each load.

5. A Bio-security Area will be in place in the quarantine areas.

On February 24, 2016, Turf Paradise was notified of another horse testing positive with the herpes virus that shipped into the holding area. The horse was immediately placed in quarantine and the other horses that were shipped in with the positive horse along with horses that were in close proximity (in holding area) remained in quarantine for seven days. As a precautionary measure, Turf Paradise imposed a 7 day ban on horses shipping in and out of the stable area.

It should be noted that the horse that tested positive shipped in from California and the California Horse Racing Board (CHRB) authorities were notified of the positive results and that the infected horse showed no signs of neurological disease.

This virus alert has been extremely challenging for horsemen to manage at the Southwest racing meets. It has caused hardships and concerns for the safety of each horse, as well as the overall populations of horses at various racetracks. We hope that everyone handling the horses continue to be vigilant with disinfectant procedures and cautious with cross contamination of equipment, until the outbreaks have stopped.

For more information on the EHV-1 and other classifications of the virus that affect horses, go to the website of the American Association of Equine Practitioners. ♦

American Association of Equine Practitioners.
Website: www.aaep.org

Things You Need to Know About EHV-1

1. Symptoms

- Upper respiratory infection, includes depression, snotty noses, loss of appetite, fever, coughing or sneezing.
- Temperature is 101.5 or higher.
- Abortion in pregnant mares.
- Neurological form of disease includes inability to stand, wobbling, lower leg swelling.
- Inability to urinate or pass manure.

2. Transmission

- Aerosol transmission through coughing.
- Horse-to-Horse contact.
- Human-to-Horse contact.
- Intermittent shedding by carrier horses.
- Spontaneous shedding during periods of stress.

3. Incubation Periods

- Temperature can occur within 1 day of exposure.
- Neurologic disease within 7 to 8 days.
- Upper respiratory infection 1 to 14 days.
- Isolate infected horse for 21 days or longer.

4. Precautions and Bio-security measures

- Isolate returning horses from events for 7 days.
- Take temperatures of horses twice daily.
- Disinfect all areas of the barn, including equipment, use rubber gloves & boots.
- One part Bleach, 10 parts water is a good economic disinfectant for all barn supplies and equipment.
- Separate exposed horses from unexposed horses by a distance of one hundred yards or more.
- Keep horses on a vaccination schedule.
- Contact your Veterinarian at the first sign of symptoms listed above.

RILLITO PARK WINTER RACE MEET

Rillito Park opened its 2016 winter season with 12 days of live Quarter Horse & Thoroughbred racing. Beginning February 13, 2016 through March 20th, live racing took place every Saturday and Sunday, at the historic racetrack located in Tucson, Arizona.

Jaye Wells, Director of the Rillito Park Foundation, said, this season we planned a themed event for each race day beginning with Valentines Day, our feature race is the Champagne & Kisses Stakes sponsored by Moet Chandon Champagne. And we have the Budweiser Clydesdales appearing over the weekend of February 20-21, with live demonstrations, so people can enjoy them and have up-close and personal interaction with the Clydesdale horses at the farmers market. Check out Rillito's facebook pages they have some great photo's of the beautiful bay Clydesdales with their fans.

Rillito management plans to have as many as 20 students from the University of Arizona working

at the track, as well as individual class research projects and data collection pertaining to Rillito. University of Arizona has built in a curriculum for the students to have a working lab. The hands on experience allows the student to work inside a racing environment that may help to influence their decision about pursuing career's in racing after graduation. Saturday, February 27th, was a special day for U of A students, free admission with a CatCard and a contest to celebrate the U of A spirit. Whoever dressed with the most wildcat spirit, won a clubhouse table for six.

The threat of the recent EHV-1 (equine herpesvirus) outbreak was minimized with a strict protocol to make sure all horses entering Rillito for the race meet were vaccinated with new health certificates, before they could move into the portable stables. With horses ready to race, Rillito Park was pleased to welcome back the racing fans, U of A students, and horsemen for another successful season at the historical racetrack in Tucson.

FROM RACING TO RETIREMENT

EQUINE ENCORE FOUNDATION is a non-profit corporation whose mission is to provide a retirement home for racehorses who have served the industry well, but whose racing careers have come to an end and deserve to hang up their racing plates and bask in the Arizona sun.

Funding such an operation is a major challenge. Please help secure a **SAFE FUTURE** for the equine athletes that perform at your track! Your tax deductible donations can be mailed to us or paid online via Paypal at our website.

Your help will be greatly appreciated!

Mailing Address: 3225 N. Burrito Avenue, Tucson, AZ 85705

Website: www.equineencorefoundation.org

ARIZONA STALLION STANDINGS

Statistics compiled by Bloodstock Research Information Services, Inc., and cover North American racing only. While every effort is made to prevent errors and omissions, Arizona Thoroughbred can not guarantee their complete and total accuracy. Included are sires based in the state of Arizona. Deceased, or retired sires will remain in the rankings until after their last Arizona sired runners have raced as two-year-olds.

Statistics include racing through February 15, 2016

**DERBY TO BE RUN IN THE SPRING OF 2017 AT TURF PARADISE
SEVEN AND ONE-HALF FURLONGS ON THE TURF.**

Eligibility: ANY STALLION that stands the entire breeding season in Arizona and files a copy of the Jockey Club Report of the Mares Bred for that breeding season with the ATBA office, the stallion(s) offspring will be eligible to race in the Stallion Stakes Derby. The Arizona Stallion Stakes Derby is a restricted race for the offspring of Arizona Stallions. All foals of 2014 (need not be Arizona-bred) conceived by a nominated stallion standing in the State of Arizona in 2013. Stallion owner must furnish a copy of "Report of Mares Bred" as reported to the Jockey Club to the ATBA by August 2, 2013. To be eligible the owner of foals sired by nominated stallion(s) must nominate the two-year-old by May 15, 2016, and pay nomination payment of \$100. Entry fee of \$600 must be made at time of entry.

Eligible Stallions:

Two-year-olds by an eligible stallion will become eligible for

THE 2017 ARIZONA STALLION STAKES by owners making the following payments.

NOMINATION PAYMENT

MAY 15, 2016 \$100.00 TWO-YEAR-OLD

ENTRY FEE PAYMENT

TO ENTER DERBY \$600.00 THREE-YEAR-OLD

NO SUPPLEMENTAL NOMINATIONS

The maximum number of starters shall be limited to ten. In the event there are more than ten at the time of entry, the starters shall be determined at that time with preference given to those entries that have accumulated the highest earnings; with winners preferred regardless of earnings. Entries not drawn into the body of the race will be placed on an also-eligible list in order of preference. In the event of a scratch in the body of the race prior to the official scratch time, entries on the also-eligible list will be moved into the body of the race based upon their order of preference. In the event that two horses have the same amount of earnings position on the also-eligible they will be determined by lot. Any nominee excluded from running as a result of the aforementioned preference rule shall have entry fees refunded. **The ATBA will deduct 10% of all nominating and sustaining payments for clerical fees before the Derby.** The balance to be divided as follows: 50% to winner; 20% to second; 10% to third; 5% to fourth; 3% to fifth; 2% to sixth; 10% to be paid to nominator of stallion. Nominations are transferable if ownership changes however it is the responsibility of new owners to notify the ATBA and make all sustaining payment to participate in race. Eligibility of horses nominated to Arizona Stallion Stakes is subject to compliance with Arizona rules of racing under the supervision of the Arizona Department of Racing and Arizona Racing Commission; The Racing secretary at Turf Paradise; The Arizona Thoroughbred Breeders Association. The ATBA reserves the right to cancel or postpone this race for any reason which it deems good and sufficient. Conditions of this race may be altered due to unforeseeable circumstances. In the event of cancellation nominating and sustaining payments already made will be refunded to the appropriate parties less the administrative fees stated herein. COLTS/GELDINGS 120 lbs. FILLIES 115 lbs.
